

Ove-Marthin Granlund

Partner

Granlund, who has experience from the Norwegian Tax Administration, is specialized in corporate tax law. His area of expertise also includes commercial property law.

Granlund advises both Norwegian and foreign companies within tax and charges and duties, with emphasis on tax issues related to transactions and restructurings, both domestically and internationally. He also advises and assists clients with legal issues relating to commercial property, especially property transactions and developments. His assistance includes preparations prior to property sales/acquisitions, negotiations, contract drafting, closing and settlement in property transactions with transaction sizes up to several hundred million Norwegian Kroners. Granlund has, in addition to professional indemnity insurance, furnished security to the Financial Supervisory Authority of Norway. Granlund also assist clients with all aspects of property developments, including legal issues which may arise from application through to sale, and other more commercial issues such as structuring, financing and commercialisation of the property development.

Granlund sits on the Board of Director of several property companies and other companies.

His articles within tax law are frequently published in the Norwegian business newspaper Finansavisen. He has also written several books and articles within his working field.
